Logo Stamping:

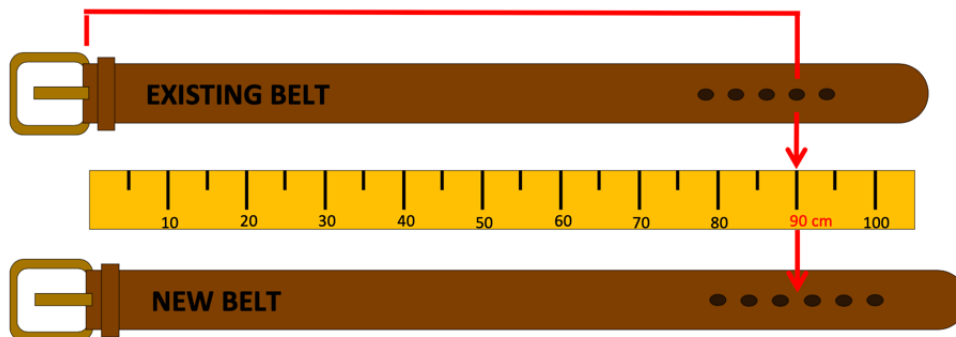

We can create a custom logo stamp for your design. This is a £25 one-off setup fee (per logo, per design), waived for orders of 30+ belts of that design. Please supply the highest-quality artwork available; by sending a logo you confirm you have permission for it to be reproduced.

Please note that slim width belts and dog collars sometimes require a smaller stamp therefore an additional stamp may need to be created at an additional cost.

Sizing:

*** Please measure a belt you already use to avoid disappointment ***

To correctly determine the size of your new belt, please take an existing belt and measure from where the leather meets the buckle to the hole that is most used (to nearest 5cm).

This measurement would be the **centre of the 6 holes** in the new belt. In this example you would order a size 90cm belt.

Widths:

- ♦ Regular: 3cm
- ♦ Slim: 2.5cm
- ♦ Collar: 2.5cm
- ♦ Lead: 2.5cm

Postage & Packaging Costs:

P&P costs will be calculated on an order-by-order basis, and are based on the Royal Mail's prices. International customers will be quoted for Royal Mail International Tracked (where the package for 1 belt is 250g). If the Tracked & Signed service is required, please inform us when ordering.

Typically, for 1 belt:

- ♦ UK postage is £4 (2nd class with online proof of postage)
- ♦ Europe is £12 (with online tracking)

Payment:

Payment is by Bank Transfer or PayPal. Details will be on the final invoice.

Thank you,
